Forward-looking statements

Certain statements contained in this presentation may constitute forward-looking information and statements. All statements in this presentation, other than statements of historical fact, that address events or developments concerning Sundial Growers Inc. ("Sundial" or the "Company" or "SNDL") that Sundial expects to occur are "forward-looking information and statements". Forward-looking information and statements are often, but not always, identified by the use of words such as "seek", "anticipate", "plan", "continue", "estimate", "expect", "may", "will", "project", "predict", "propose", "potential", "targeting", "intend", "could", "might", "should", "believe", "budgeted", "scheduled" and "forecasts", and similar expressions and variations (including negative variations).

In particular, but without limiting the foregoing, this presentation contains forward-looking information and statements pertaining to the following: Sundial's ability to raise future capital through debt or equity financing transactions, and our ability to efficiently deploy the capital raised through such transactions; our ability to successfully implement our cost and asset optimization initiatives; the continued development and growth of the demand and markets for medical and adult-use cannabis; the competitive conditions of the industry and the expected number of customers using our products; the maintenance of our existing licences and the ability to obtain additional licences as required; our ability to establish and market our brands within our targeted markets and compete successfully; our ability to produce and market additional products as regulations permit; the number of flowering rooms and combined production capacity therefrom that we expect to have; our growth strategies, including plans to sell edibles and other forms of cannabis; the timing and the amount of capital expenditures related to the maintenance and any expansion of our facilities; the outcome of medical research by our partners and the acceptance of such findings in the medical community; our ability to attract and retain key employees; our ability to manage growth in our business; our ability to identify, successfully execute, manage and realize a return on strategic partnerships, joint ventures, strategic alliances, debt and equity investments as well as the costs and benefits associated with such initiatives, including the expected return on any investments; and the volatility in the price of our common shares. Various assumptions were used in drawing the conclusions or making the projections contained in the forward-looking statements throughout this presentation. Forward-looking statements are based on the opinions and estimates of management at the date the statements are made, and are subject to a variety of risks and uncertainties and other factors that could cause actual events or results to differ materially from those projected in the forward-looking statements. Such risks and uncertainties may be discussed in the Company's materials filed with the Canadian and U.S. securities regulatory authorities from time to time. All of the forward-looking information and statements contained in this presentation are qualified by these cautionary statements. The reader of this presentation is cautioned not to place undue reliance on any forward-looking information and statements. The Company is under no obligation, and expressly disclaims any intention or obligation, to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise, except as expressly required by applicable law.
